

## **Pupil Council Meeting minutes**

**Present: All 16 Pupil Councillors (4 from each year group)**

**Mrs Ryan**

**Miss Moore**

**Paul (Chartwells Lunch Providers)**

Nikki, year 3 pupil councillor, agrees to take minutes.

Agenda – Chartwells (lunch times)

Extra Curricular Clubs

Road safety campaign

A.O.B

Paul came in from Chartwells, he explained to pupil council that he was going to be asking some questions to gain our views on school lunches and how they can be improved.

In groups pupil council discussed three questions that were put forward from Paul at Chartwells

- 1. What do you like about school lunches?**
- 2. What would you change/include at lunch times to make it better?**
- 3. What is not so good at lunch times?**

After a 10 min discussion pupils fed back. It was clear that they liked the fresh fruit and salad bar that was available every day. They also liked the option of a hot or cold meal.

Y6 suggested that a menu could be present so that children could see what options there are before they get to the counter, this would make it easier and quicker. A wider variety of food choices, egg fried rice, chicken curry. (Although this is already on, many pupils on packed lunch did not know).

Talked about road safety and how the parent governors have campaigned for safer crossing. The role of the pupil council and the role of the governing body and how they are quite similar. All of our voices can be heard and we can make change together.

**N. Ryan – How can we bring this issue to the attention of our pupils? Parents are aware about the parking issues and safe crossing petition.**

Y4 pupils suggested that the children could do a road safety poster competition

Mrs Ryan suggested that we plan on meeting the parent governors at our next meeting to discuss any ways in which we can help them.

### **Extra Curricular Clubs**

Discussed clubs that are currently taking place. All children seem to like them but wanted them open to wider range of year groups.

Clubs that they would like to see available

Archery, Cookery, Netball, Cricket, Running, Cross Country, Colouring and Dance.

Many of these clubs are on already but only available to certain years groups.

Mrs Ryan informed the group that she would mention it to staff and see if we could re arrange summer clubs.

### **AOB**

None.
