Year 2
Design and Technology
Great Fire of London Project

This is a project that is school we would spend 6 weeks to complete, so take as much time as you need to complete the project. Don't worry if you have a shortage of junk, use lego, any toys, books or anything you find around the house. Good luck!

Research houses and buildings during the time of The Great Fire of London.

Design your own house or building.

Collect junk! Collect all the things you will need.

Make your house or building!

Upload an image to Facebook, Twitter or Seesaw for the teachers to see.

Evaluate your project, what did you do well and what could you improve next time?
