Dear Parents and Carers

This week, our children have taken part in their transition to their new classes! Our Nursery-Y5 children spent an afternoon in their new classroom, and our Year 6 children visited their secondary schools. It has been lovely to see the children so excited about next academic year! We have also sent end-of-year reports out this week for Nursery-Y5 children. We hope you have enjoyed reading these and have had the chance to celebrate your child's achievements with them! On Wednesday next week, Year 6 parents will receive their child's report (this date was postponed due to KS2 SATs results not being released until next week).

Next week, we will be hosting our Presentation Assemblies. Parents will be invited if your child is receiving an award!

THIS WEEK IN PSHE

On Monday this week, we held a lovely assembly where we looked back on some fantastic memories this year! We also looked ahead to our transition to new classes, and discussed any worries we had around this. The children were very excited to find out who their new teachers were!

Year 1 Phonics

This week in Phonics, Year 1 have been looking at alternative graphemes for the 'air' sound.

The alternative graphemes we have looked at are:

'are' - found in words such as 'care', 'fare' and 'share'

'ere' - found in words such as 'were', 'there' and 'where'

'ear' - found in words such as 'bear', 'pear' and 'tear'

Can you read the following sentence?

The bear over there with the pear would not share and did not care!

ATTENDANCE is one of our school values

As a school we are striving to achieve at least **97% attendance** each week. Attendance this week has been very disappointing. School does not finish until Wednesday 19th July and children are expected to attend school every day until then. Please ensure your child is in school, on time, every day. We cannot teach them if they are not here!

CURRICULUM CORNER

This Week's Subject: Art

Our Art curriculum is based around a five-step process which enables the children to demonstrate the skills and techniques they have learnt. Within an Art topic, we start by **researching** the artist or focus (for example, specific drawing techniques). This is then followed by **practising** the skill or technique that has been researched, before the children then **plan** and **make** their own interpretation/ piece. The children then **evaluate** their work and consider what they would do differently next time to improve the end product.

Year 4 have been **practising** different shading techniques, using different grades of pencil to add tone and shade to their drawings.

Year 6 have been creating work focusing on perspective, based on the work of L.S Lowry. They have **planned** and **made** their interpretations, drawing local buildings using the techniques used by Lowry himself.

NUMBOTS

Well done Emmanuel!

We are so proud of one of our very talented Year 5 pupils! This week, Emmanuel won the Liverpool City Championship 150m race, beating the city record in the process! He ran it in 21.1 seconds! He also became city champion in the high jump. His talents didn't go unnoticed and he has been asked to join Liverpool Harriers! Well done Emmanuel, you are a superstar!

Reading Recommendation

Year 4 recommend 'Arthur and the Golden Rope' by Joe Todd-Stanton.

They loved this book because it was an exciting adventure about an unlikely hero.

"It's really exciting and there are lots of stories in one," said Daisy. "It is ominous sometimes and you don't know what will happen next," explained Holly.

Year 4 think that this book would be suitable for anyone over the age of seven, as it can be a little scary at times!
